National Strategy and Federal law support Mogolino Special Economic Zone.

Being initially pro-business entity, we are encouraged by closer collaboration with government programs, targeted the regional community prospects and wellbeing.

National Strategy and Federal law support Mogolino Special Economic Zone.

CFO - Natalia Iushko

CEO Andrey Yakovlev

JSC Moglino SEZ is a management company running up in the Pskov region. Our strategic vision is to provide the cross-border cooperation, to leverage the Industry 4.0 deployment and export growth, as well as partnering with European Industrial clusters, joining Global Value Chain according to Sustainability.

SU-MEET «World Free & Special Economic Zones Summit», Монако, 2019 г.

Since Moglino SEZ has started its developing, there are 33 construction projects:

28 facilities put into operation;

- 13 residents have been provided with technical specifications for connection to SEZ infrastructure;

new lease agreements were contracted for offices in Moglino SEZ;

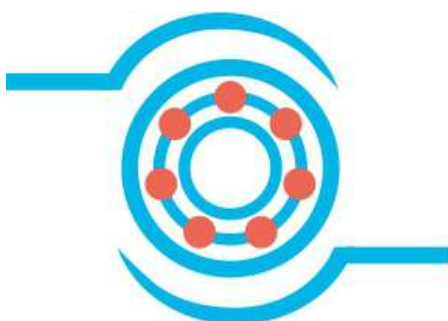

- leased Moglino's management company factory space with new services in the complex support of design and construction;

adopted the federal-level supported funding for high tech manufacturers and the

- variety of financial instruments for our tenants in general, based on Moglino SEZ, JSC supporting.

Over the six years, it has been invested **3,2 bln RUB** in Moglino SEZ, and we are going to get new investments of **2,2 bln RUB** in the coming year for new land plots (extra 83 Ha) development. Our JSC Moglino SEZ CAPEX evaluated in management company is going to be around **6 bln RUB** or an equally to **84 mln EUR** overall.

Using our resources wisely and managing our networks, expertise, people and relationships, we have responsibilities to the environment and financial capital to the best effect and it is not just about driving economic benefits. We are about creating benefits across all aspects of the business, and our stakeholder groups are across- generations' society. We are going to upskill our competency constantly and put digital-savvy for the operational enhancements. The crucial role of our upgrading is underlined in closer cooperation with the big data providers such as telecommunication companies. Likewise, we expect that our collaboration will be integrated with foreign counterparts through cohesive conceptions and we will be continually refining.

Our tactical goals for 2020:

- Continuous design and developing land plots
- Maintenance the infrastructure
- Service of one-stop-shop based on a data analytics system.

Our strategic objectives that are ongoing upward beyond years, we stand by industrial manufacturing related to high added volume and incremented by innovations. We dream about Moglino's R&D centre and Joint venture capital attraction as we have devoted to the Cooperation Strategy initially. Our digital intelligence will keep us up to the high velocity of changes and will be beneficial for the whole region's development.
